

Resources for Driving Student Progress

The LIBRE Institute

The LIBRE Institute helps U.S. Hispanics and Latinos to achieve their American Dream—by empowering them to drive progress for themselves, their families and their communities. We believe that freedom drives progress and that the values of faith, family, education and hard work that yield economic prosperity are the same values that lead to the American Dream. We are dedicated to informing our community on the policies and principles that drive progress as well as providing them with the tools to overcome barriers so that they are able to achieve their full potential.

Parenting Classes

The LIBRE Institute, in partnership with Resilient Kidz, offers a researched-based class for parents that was created to help build stronger families by giving parents the confidence, tools, and skills they need to raise healthy, caring, and responsible children. The course is free to participants and includes the cost of materials.

Financial Literacy Classes

This series teaches practical skills and explains that the more freedom and control individuals have over their finances, the more they are able to improve their own lives and enjoy greater well-being. We offer financial literacy classes in a variety of topics, from Banking 101, to Understanding Credit, to Personal Budgeting, to Debt Management and more.

Hispanic Heritage Month Events

National Hispanic Heritage Month celebrates and recognizes the contributions Hispanics have made to our culture by honoring five of our Central American neighbors who celebrate their independence in September. Hispanic Heritage Month offers a platform to showcase the contributions of the Hispanic community, our shared heritage, and to drive a positive narrative about our values as a community. Contact LIBRE to help you celebrate Hispanic Heritage in your school or classroom!

Guest Speakers

LIBRE has access to a broad coalition of individuals who would be happy to be guest speakers to enrich your curriculum. We have partnerships with a wide variety of businesses, including entrepreneurs, and individuals that have made a name for themselves in their respective fields. Reach out to LIBRE to find your next guest speaker to bring the topics of your classroom to life!

Community Engagement

Would you like to host an event to create a stronger community? LIBRE will work with you to come up with the resources you need to make your community building successful.
